Ministry of the Interior promotes the AMIF Project: Capacity Building for International Protection

The project "Strengthening the Capacity for International Protection of the JaKa MZ" has a total value of EUR 240,000 (including VAT). It is co-financed by the Asylum, Migration and Integration Fund (AMIF) at 75% (EUR 180,000), with the remaining 25% covered by the Croatian State Budget. The project aims to enhance international protection capacities through the procurement of IT and communication equipment, vehicles and the provision of continuous specialised training for officials. This will improve operational efficiency, enable remote hearings and improve communication with beneficiaries of international protection, supporting their effective integration. The funding was approved on 27 May 2025, with the agreement signed on 6 June 2025.
