Between April 2025 and April 2026, via the Technical Support Instrument, the EU is supporting Czechia with the implementation of the National Implementation Plan under the EU Pact on Migration and Asylum. The project is implemented by ICMPD, in cooperation with the European Commission. Technical support is provided to the Ministry of Interior, the Ministry of Justice, and relevant courts, to ensure fair and efficient asylum procedures, enhance the interoperability of large-scale IT systems, and improve the use and accessibility of Country-of-Origin Information (COI).

More information is available here.
