Experts of the OCMA participated in a working visit to Lithuania in the field of migration documents

On 4 and 5 of June, several experts in the field of identity documents participated in an experience exchange working visit to Lithuania, where they were received by the Lithuanian Migration Department in Vilnius. The purpose of the visit was to get acquainted with Lithuania's experience in managing migration processes, with special emphasis on digitalization solutions and improvement of customer service processes. During the working meeting, an overview of the structure and organization of services of the Lithuanian Migration Department was provided.
