RSA reports on deportation and immigration detention statistics in Greece for 2025

Analysing statistics on return, deportation and immigration detention in Greece for 2025, provided by the Greek authorities in reply to parliamentary questions, Refugee Support Aegean (RSA) issued a summative report on 31 March 2026. According to the press release accompanying the publication, the figures reveal a constant practice of imposing the deprivation of liberty and deportation, as well as chronic dysfunctions in the review of the legality of deportation and detention orders.

More information is available here.
