Three civil society organisations organised the first public event on screening, aiming to promote information-exchange between national authorities and organisations working on asylum. The event took place in Haskovo on 28 October 2026.

The event was organised within the framework of the project “Citizen Participation and Monitoring of the Asylum and Migration System”, with the Center for Legal Aid being the lead organisation and the Mission Wings Foundation and Yura Humana being partners. The project aims to restore and strengthen civic participation in the development and implementation of the Pact in Bulgaria through advocacy and effective monitoring.
