In October 2026, METAdrasi offered training for guardianship-mandated persons and temporary representatives of unaccompanied minors. Bringing together 44 guardianship-mandated persons and temporary representatives, the seminar focused on child protection, the legal framework on guardianship, foster care and durable solutions for unaccompanied minors.

Speakers at the seminar included METAdrasi staff, representatives from the General Secretariat for Vulnerable Persons and Institutional Protection, the Reception and Identification Service, the Asylum Service, the Dublin Unit and the Ministry of Social Cohesion and Family.

More information is available here.
