The Finnish Immigration Service informed that temporary protection is extended until 4 March 2026. There is no need to apply for a new residence permit. However, if there are changes on name information or other that trigger the need for a new residence permit, a fee applies as of 23 January 2025 - 20 euro for online applications and 40 euro for paper applications. The Finnish Immigration Service is currently updating the page on this - see here.
